## TESTIMONIALS

---

"Ryan is highly skilled in all areas of graphic design, including motion graphics, UI/UX design, and illustration. Big Jump interactive had the opportunity to utilize these skills for a number of tasks and projects including: websites, kiosk design, graphics processing, Mobile interface design and motion graphics.

Ryan worked well with everyone at BIG JUMP Interactive, and all of his tasks were completed quickly and efficiently. He often had valuable suggestions that enhanced the workflow on projects he was involved with.

I would highly recommend hiring Ryan for any interactive or graphic design position. Please call me directly if you have any questions."
